We at Karts n Kitcars Pvt Ltd are proud to introduce our newest Colt - the 'COLT C16'

Like the KnK Colt, the Colt C16 is a kart specifically designed for children between the ages of 8 and 13, for Arrive & Drive Rental tracks. The Colt has been one of the more popular karts in the KnK karts line-up. In addition to the traditional build quality and features for ease of operation, the Colt C16 is a new offering available to all our valued customers and track operators. This kart is suitable for drivers between 120 cms to 150 cms in height.

The Colt C16 is built to the latest safety regulations laid out in countries such as the USA, Australia and the countries within the European Union. It is built with a strong frame to meet the abusive requirements of rental karting tracks. High quality components are used on the chassis that comes with adjustable pedals to suit various driver heights and an advanced Pedal system which cut's off the acceleration while braking. It has a three point retractable Safety Belt and a Roll Hoop for added driver safety. Attn: Track Operators - Parents will appreciate you running these at your track.

Roll Hoop, Seatbelt and Axle cover ensure complete safety to the driver
